# TY-BLITZ™

HAVER & BOECKER

**TYLER**

THE SCREENING GROUP

- **Quick and easy replacement process**
- **Modular Tyrethane top screen surface is removable while the support structure stays in place**
- **Lowest modular panel replacement cost**

W.S. Tyler redefines screening with Ty-Blitz; a revolutionary, modular screen system. Our latest Tyrethane screening system features the functional and economical advantages of a removable screening surface module.

## REMOVABLE SCREENING SURFACE MODULE

Patent Pending

# REMOVABLE SCREENING SURFACE MODULE

## THE TY-BLITZ PIN SYSTEM IS THE EASIEST TO WORK WITH IN THE INDUSTRY

The Ty-Blitz pin does not have to be removed during panel change out, thereby complementing the "stay-in-place" support structure.

## EASY INSTALLATION & REMOVAL PROCESS

Secure Pin into screen deck

Support structure locks into position

Simple "knock-on" assembly of the screen surface

Flexible design enables the top surface to be easily removed

### FEATURES

Removable screen surface

The easiest change-out replacement process

Maximized open area

Pin secured support structure

Suits most 1' square formats

### ADVANTAGES

- Support structure and pins are not removed during surface replacement
- Lighter than full panel replacements
- Support structure will last a minimum of 5 times the life of the surface
- Easy to store

- Quick and easy replacement process
- Safest on-site replacement process

- Improved screening efficiency

- Pin remains in place during surface change out
- Easiest pin system available
- Pin completely fills hole
- No more pins down the chute

- Easy conversions to Ty-Blitz
- No special equipment required

### FINANCIAL BENEFITS

- Lowest replacement unit cost
- Minimizes injury risk
- Reduced freight costs
- Reduced waste = cost savings
- Reduced inventory costs

- Less down time
- Labour savings
- Minimizes injury risk

- Product to stockpile
- Reduced media loss
- Accurate sizing

- Labour savings
- Reduced deck damage
- Minimizes injury risk

- Little or no conversion costs
